Programmes for Schools

We have various programs running as from the beginning of June.

The short program lasting about one hour is a talk and DVD about farming at Beal Farm over the years, with an insight into methods of farming, wildlife and crop & field rotation.

Added to this we have a nature walk which can take up to about an hour, taking the children for a walk around the fields introducing them to where their food starts and what the different fields are used for. We can also run some small activities for the children when they arrive back at the farm.

We can also arrange a tractor trailer ride back to the farm.

Both of the above are free of charge to schools. However there is a small charge to cover costs of tractor ride.

As from the beginning of June we are adding a Birds of Prey Sanctuary to our visitor centre with over forty birds, which involves a tour around the sanctuary, meeting the birds of prey (and their of springs depending on time of year), a talk on the birds and a flying demonstration.

The birds of prey visit runs at a cost of £2.00 per child.

We can also provide a packed lunch for £4.95 per person which would include carton of juice, sandwich, fruit, flapjack and crisps.

So as you can see your visit can really be as long or short as you would like to make it, if you would like to call up for a look at our facilities or would like any further information please give me a call on 07817959698.
